Ryan White Part A Program Policies and Procedures

Outpatient/Ambulatory Medical Care

PURPOSE:

To guide the administration of Ryan White Part A (RWPA) Program's **Outpatient Ambulatory Medical Care** (a core medical service under the Ryan White HIV/AIDS Treatment Extension Act of 2009). The administration of funds must be consistent with RWPA client eligibility criteria and the service category definitions established by the Phoenix EMA RWPA Planning Council.

DEFINITIONS:

Outpatient and Ambulatory Medical Care is defined as the provision of professional diagnostic and therapeutic services rendered by a licensed physician, physician's assistant, clinical nurse specialist, or nurse practitioner in an outpatient setting (not a hospital, hospital emergency room, or any other type of inpatient treatment center), consistent with Health and Human Service (HHS) guidelines and including access to antiretroviral and other drug therapies, including prophylaxis and treatment of opportunistic infections and combination antiretroviral therapies. Provision of laboratory tests integral to the treatment of HIV infection and related complications

POLICIES:

- Services must be provided by health care professionals certified in the respective jurisdiction to prescribe medications in an outpatient setting such as a clinic, medical office, or mobile van.
- All activities performed must be directly related to the HIV-related clinical status of an eligible client and documented appropriately in the client chart.
- Only allowable services –
 - Diagnostic testing
 - Early intervention and risk assessment
 - Preventive care and screening
 - Practitioner examination, medical history taking, diagnosis and treatment of common physical and mental conditions
 - Prescribing and managing of medication therapy
 - Education and counseling on health issues
 - Well-baby care
 - Continuing care and management of chronic conditions
 - Referral to and provision of HIV-related specialty care (includes all medical subspecialties even ophthalmic and optometric services)
- Services are provided as part of the treatment of HIV infection

Outpatient/Ambulatory Medical Care

- Specialty medical care relates to HIV infection and/or conditions arising from the use of HIV medications resulting in side effects;
- Services are consistent with Health and Human Service (HHS) guidelines;
- Service is not being provided in an emergency room, hospital or any other type of inpatient treatment center.
- All direct service providers must meet the service category's Standards of Care as defined by the Phoenix EMA Ryan White Part A Planning Council.
- All fee- for- service reimbursements made under this service are limited to the current Arizona Health Care Cost Containment System (AHCCCS) reimbursement rates, as applicable, or a reasonable rate approved by the Administrative Agency. Contractors with direct cost reimbursement contracts will be reimbursed for actual/allowable costs incurred during the contract period.
- For contracts who fund salaries, the program should document at least 50% of allocated staff time with billed client units. Costs per client and costs per units should be reasonable when compared to EMA annual averages.

DOCUMENTATION:

- All communications made and services provided on behalf of the client are to be documented in the client chart and must include a date, time, and frequency of services provided, person providing communication or services, that services are for the treatment of HIV infection and brief summary of what was communicated. For a complete list of all required documentation, please review the Phoenix EMA RWPA Planning Council Standards of Care for Outpatient Ambulatory Medical Care.
- Clinician notes in patient records that are signed by the licensed provider of services
- All paper chart documents must be original documentation and contain original dates and signatures of contract budgeted staff providing services i.e. assessments, treatment plans, and progress notes. All Electronic Medical Records must include authenticated, dated electronic signatures. The AA will only review documentation which is authenticated original documentation, and will not accept copies of assessments, treatment plans, or progress notes as acceptable documentation of services provided. Any records that do not include
