

MARICOPA COUNTY HEALTH CODE

CHAPTER IV

LAND SUBDIVISIONS

SECTION 2

WATER SUPPLY

REGULATION 1. Design Standards

Proposed water supply and distribution systems shall comply with Chapter V, Water Supply, of the Maricopa County Health Code and the applicable rules and regulations of the Arizona Department of Environmental Quality and shall conform in general with the design standards contained in the applicable Engineering Bulletins of the Arizona Department of Environmental Quality.

REGULATION 2. Details

Where water from an approved public water supply is proposed for use in a subdivision, complete plans for all proposed water mains necessary to serve each and every lot together with the size of the existing water main and the location of the closest connection shall be shown on the plan. Construction specifications shall be submitted with the plans. Recorded reference to intended compliance with approved specifications on file with the Department may be accepted.

REGULATION 3. Proposed System

Where the owner of a subdivision, or other interested person, firm, company or corporation proposes to develop a source or sources of supply and to construct a distribution system to furnish water to the subdivision, either free or for charge, complete details of the proposed water system including plans and specifications shall be furnished. Department approval of the supply and proposed system must first be obtained before an approval to the State Real Estate Department for the sale of lots will be granted. The installation of such facilities shall be in accordance with the plans, and any revisions thereof, approved by the Department.
